

## FAQ

### 1. How much can I make selling Botanas Wipos?

Depending on what kind of business you own and the product that you are packaging, you can make between 30% and 100% of the cost of the product.

### 2. Can you pack product with my brand?

We can manufacture product with your brand in a printed bag or with a label.

### 3. How long does the product last after opening the bag?

As the product easily absorbs humidity from the environment, in order to keep it's freshness and quality we suggest that after the bag is opened, repackage all the product.

### 4. Which should be the storage conditions to keep the quality of the snacks?

Store in a cool dry place, do not expose to the sun, humidity and do not keep it near any other products that contain flavorings like soaps, perfumes and/or detergents.

### 5. What kind of material should be used for repackaging?

We recommend repackaging the product in polypropylene bags, sealing them with heat to avoid humidity and reduction of shelf life.

### 6. How many bags can I get if I repackage a 500g or a 3 kg bag?

For a 500g bag you can get 50 pieces of 10g.

For a 3kg bag repackaged in 100g bags you can get 30 pieces.

### 7. Where or to whom can I sell my product?

Our products have been designed to be sold in portions at corner stores and in bulk at parties or banquets, bars and supermarkets. Our products can be exported to USA and all around the world.

### 8. How can I buy your snacks? Do you ship them?

We have shipments for our wholesale customers in Mexico, United States and Central America. If you are a repacker you may contact us and we will give you the contact information of the nearest distributor.
